## International Networking Event for the Food and Beverage sector

**Attard, Malta  
28th February - 1st March 2010**

An international networking event is being organised by Malta Enterprise, in collaboration with the Italo-Maltese Chamber of Commerce and TRINIT International Trading & Events srl, to facilitate individual business meetings between Maltese manufacturers of food and beverage products (including wines) and buyers hailing from UK, Germany, Poland, Czech Republic, Finland, Sweden, Russia and Lebanon, amongst others.

Maltese food and beverage manufacturing companies now have the opportunity to meet international buyers over two days to explore opportunities and new business proposals. This event is an important platform that will connect entrepreneurs interested in business cooperation and will target Maltese companies seeking to position themselves in the above mentioned markets.

Malta Enterprise, through the Enterprise Europe Network, will partly finance the participation fee for this networking event.

**Dates:** 28th February - 1st March 2010

For further information and registration kindly contact:  
Internationalisation Unit and Enterprise Europe Network Malta on  
Tel: 2542 3437 and e-mail: [internationalisation@maltaenterprise.com](mailto:internationalisation@maltaenterprise.com)  
**before 25th February 2010.**
