# ERDF International Competitiveness Grant Scheme

**The ERDF International Competitiveness Grant Scheme supports enterprises to expand into new international markets. This scheme will reimburse 50% of the market development costs, engagement of a Business Development Manager, and participation in international promotional events as part of a specified internationalization project.**

# ERDF Small Start-up Grant Scheme

**The ERDF Small Start-up Grant Scheme supports the growth of new enterprises having less than 50 employees. The scheme will reimburse 25% of the wage costs, rent, water & electricity bills and advisory services for start-ups that have been operating for less than 3 years.**

# ERDF e-Business Development Grant Scheme

**The ERDF e-Business Development Grant Scheme supports Small and Medium-sized Enterprises (SMEs) to invest in Information and Communication Technology (ICT) projects that integrate business functions, streamline workflows and enhance interactions with clients and suppliers. The scheme will co-finance ICT consultancy costs, ICT hardware costs and ICT software costs.**

# ERDF Research & Development Grant Scheme

The Research & Development Grant Scheme is designed to help enterprises meet today's business challenges by supporting them to carry out R&D projects leading to new products, processes and services. The scheme will co-finance the costs of wages, equipment, materials and contractual research specifically incurred as part of the research project.

# ERDF Innovation Actions Grant Scheme (Environment)

**The ERDF Innovation Actions Grant Scheme (Environment) supports Small and Medium-sized Enterprises (SMEs) who will invest in projects designed to improve their environmental performance through eco-innovations. The scheme will co-finance environmental consultancy costs, plant, machinery and equipment costs together with licensing & certification costs.**

# ERDF Innovation Actions Grant Scheme (Innovation)

**The ERDF Innovation Actions Grant Scheme (Innovation) seeks to help Small and Medium-sized Enterprises (SMEs) who will invest in projects that stimulate innovative processes, products and services to meet today's business challenges. The scheme will co-finance consultancy costs and investment costs in tangible and intangible assets as part of a holistic innovative project.**
